

SVT810E

The mammoth SVT810E, typically set in pairs on stage beneath a single SVT head, is legendary for its brilliance and power. Its eight, ten inch speakers are housed in four sets of two, each pair in its own infinite baffle chamber. The result is incredible stage presence and effortless concert volume levels.

Speakers: Eight 10" speakers with 2" voice coils and 30 oz. magnets. Each pair of speakers is in a separated sealed compartment.

Power Handling: 350 watts RMS

Impedance: 4 ohms

Weight: 137 lbs.

Dimensions: 26" x 48" x 15 7/8"

Special: Wheels included

SVT410E/SVT410EC

The SVT410E is identically designed, with two pair of ten inch speakers and 175 watts RMS capacity. It offers the classic 8 x 10" sound characteristics in more portable form and can also be matched with other SVT Series enclosures.

The vertically chambered SVT410EC, with discrete Left and Right input jacks, is available for use with the chorus bass head model SVT140TCH and as an extension for chorus bass combo model SVT140TC.

Speakers: Four 10" speakers with 2" voice coils and 30 oz. magnets. Each pair of speakers is in a separated sealed compartment.

Power Handling: 175 watts RMS

Impedance: 8 ohms

Weight: 69 lbs.

Dimensions: 25.25" x 24" x 15.75"

Special: Wheels included

SVT1510E

By crossing over a single 15 inch speaker in a bass reflex enclosure with a ten inch speaker in an integrated infinite baffle housing, the SVT1510E achieves a blend of extended high-end response, smooth low frequency response and greater overall efficiency.

Speakers: One 15" speaker with 2 1/2" voice coil of 56 oz. magnet. One 10" speaker with 2" voice coil and 30 oz. magnet is housed in a separated sealed compartment with crossover.

Power Handling: 175 watts RMS

Impedance: 8 ohms

Weight: 67 lbs.

Dimensions: 27" x 24" x 15.75"

Special: Wheels included

SVT1510HE

This three way cabinet has all the elements for that "studio mastered" sound. The tight bottom end is delivered by a 15" Ampeg speaker in a shelved port cabinet. A 10" cone driver housed in an infinitely baffled compartment supplies punchy mids while crisp highs are projected via the bullet driver.

Speakers: One 15" speaker with 2 1/2" voice coil of 56 oz. magnet. One 10" speaker, 2" voice coil and 30 oz. magnet housed in a separated sealed compartment. One 3.5" horn with 1" voice coil and 7.9 oz. magnet.

Power Handling: 175 watts RMS

Impedance: 8 ohms

Weight: 70 lbs.

Dimensions: 27" x 24" x 15.75"

Special: Wheels included.

SVT18E

The SVT18E features a single 18" speaker housed in a shelved port configuration, designed for sonic efficiency and incredibly powerful low frequency accentuation.

Speakers: One 18" speaker with 3" voice coil and 94 oz. magnet.

Power Handling: 175 watts RMS

Impedance: 8 ohms

Weight: 62 lbs.

Dimensions: 27" x 24" x 15.75"

Special: Wheels included

The bar handle on the rear of the SVT810E for convenient one-man maneuverability.
